The Jeffersonville Redevelopment Commission (JRC) offers grants to commercial/industrial businesses and property owners within the City of Jeffersonville for a variety of purposes. The JRC’s main objectives for the façade grant program are to encourage visual improvements, historic preservation and economic investment. Eligible projects include general building/property improvements, for example: exterior painting, or repairs, signage, awnings, and landscaping. The project may include parking resurfacing as long as the resurfacing is not the only work performed. Projects that include more than general building/property improvements are preferred. (All improvements must comply with the City of Jeffersonville zoning regulations and be approved by the City of Jeffersonville Planning and Zoning Department)
